

Postdoctoral Position at Universidad de los Andes, Bogotá, Colombia

Discipline: Astronomy, Biophysics, Condensed Matter, High Energy Physics, Quantum Optics, Theoretical Physics.

The Department of Physics at Universidad de los Andes, Colombia's top ranked University, is seeking postdoctoral applicants to join one of our research groups. Our department has 6 very active research groups and an international atmosphere (more than 20% of professors) as well as significant interdisciplinary research projects and international collaborations.

A doctoral degree and a minimum of three indexed publications are required. Responsibilities include a light teaching load of one course per year. Working knowledge of Spanish is desirable but not a requirement. The candidate must have received his/her doctoral degree at most five years prior to application date. Position is available in the fall of 2016. The initial appointment is for one year with a possibility of extension for one more year. Please send your CV, statement of research interests and the names of three references or make inquiries to:

Prof. Gabriel Téllez  
Chair, Physics Department, Universidad de los Andes  
e-mail: [director-fisica@uniandes.edu.co](mailto:director-fisica@uniandes.edu.co)  
<http://fisica.uniandes.edu.co>

Candidates are advised to contact one of the research groups in order to propose a viable project in their research statement:

Astronomy: <http://astronomia.uniandes.edu.co/>  
Biophysics: <http://biofisica.uniandes.edu.co/>  
Condensed Matter: <http://fimaco.uniandes.edu.co/>  
High Energy Physics: <http://hep.uniandes.edu.co/>  
Quantum Optics: <http://opticacuantica.uniandes.edu.co/>  
Theoretical Physics: <http://fisicateorica.uniandes.edu.co/>

First review date: May 1st, 2016.

Desired starting date: August 2016, however the search will remain open until an adequate candidate is found.
